FIVE MILES OF CONCRETE WALKS TO BE BUILT

Estimated To Cost \$12,857.—A List of The Streets Where Walks Will Be Built.

At the meeting of the Town Council held last evening the question of where the new concrete sidewalks would be constructed this summer came up for discussion. Mr. Long and Mr. Hancock claimed that Ward 1 was not receiving a fair share. There was as much mileage in Ward 1 as there was in Ward 2 and 3 combined, and it was not fair to Ward 1 to have only the same amount as given in the other wards. The report of the Committee carried, however, Messrs. Long and Hancock voting nay. Below is a list of the streets where the sidewalks will be constructed.

EASTER SUNDAY

Services at St. Mark's Church as Seen by a Visitor from Out of Town.

St. Mark's church was well filled at both morning and evening services on Easter Sunday. Special Easter sermons were ably delivered by the rector, Canon Montgomery, on "The Resurrection." The services were full choral, and the Easter music was exceptionally good, reflecting great credit on the choir leader, Miss Tuer. The anthem, "King of Kings," by Simper, was exceedingly well rendered, the solo in the anthem being taken by Mrs. Ralston, who sang beautifully at both morning and evening

services. In the evening Miss Hazel Burnham sang "He is Risen," her rich contralto voice being heard to good effect.

Canon Montgomery, who has done so much for St. Mark's, and who is so much respected and loved by his parishioners, was more than repaid for his earnest work on Sunday.

St. John's

The festival of the Resurrection was celebrated in St. John's church with appropriate services which were largely attended.

In the morning the Rev. Dr. Rigby preached from Philippians 3:10—"That I may know Him and the power of His Resurrection," giving a most suitable and practical discourse. Dr. Rigby also assisted the rector in the prayers and cele-

bration of the Holy Communion.

The church, which was beautifully decorated with lilies and carnations, presented as usual, with its festival drapery, a very handsome appearance. The choir was present in good numbers and did very effective service both morning and evening. Mrs. Holden sang during the offertory in the morning with much expression, "I know that my Redeemer liveth."

In the evening the Sunday School scholars attended and the subject of the sermon by the rector was Matt. 28:6—"Come, see the place where the Lord lay." During the offertory Miss Hope Smith sang very beautifully, "Rest in the Lord."

Many were present at the celebrations of the Holy Communion at each service.

The annual Vestry meeting was held Monday evening in the School Room at 8 o'clock.

TOWN COUNCIL

Had A Lengthy Meeting—Grant To Public Library Board.

Councillor Has To Bear Responsible For Expenditures Says Councillor Long.

The regular meeting of the Town Council was held last evening and the session was quite a lengthy one. Mr. T. H. Ambrose was the absentee.

Mr. Fulford on behalf of the Fire and Light Committee reported that requests had been made by certain ratepayers residing on Peter street that crude oil be supplied them as last season, in order to prevent dust from arising and doing damage and causing inconvenience and discomfort.

The Committee had learned that in other places oil is generally used in place of water. They recommended that whenever and wherever a sufficient number of ratepayers outside the present watered district petition this Council asking for oil in lieu of water for the purpose mentioned that this Council grant the same on the usual terms, viz: by an assessment of one mill on the dollar.

The report was received and adopted.

The Clerk was instructed to write the Grand Trunk to have them repair the sidewalk on their property from Smith street to John street south of their tracks. Carried.

Mr. D. H. Chisholm read the following communication from the Library Board:

The Public Library Board of the town of Port Hope respectfully submit—

That the site for the proposed

Public Library Building already allocated by your honourable body, being that part of the Market Square immediately west of the Town Hall, is unsuitable for the purposes of the proposed building.

That in the endeavor to carry out the wishes of the ratepayers as expressed by the almost unanimous vote at the Municipal elections of 1910, this Board has decided, under the authority conferred by Section 8 of the Public Libraries Act of 1909, upon that parcel of land situate on the east side of Queen street and being the southerly sixty-eight feet of land at present owned by one Wm J Oke and being lot 18 and part of 19, as the most desirable site available for the purpose, and have purchased an option on the same good for ninety days from March 6th, 1911, the price of the parcel of land to be \$600.

That one of the stipulations made by Mr. Carnegie is that the site shall be free of all incumbrances and he has written this Board stating his willingness to advance the money upon the usual conditions.

This Board therefore respectfully requests your Honourable body to advance the sum of six hundred dollars for the purpose of purchasing the said site so that this Board may proceed with all due despatch to have the Library Building erected.

Mr. D. H. Chisholm, Mr. Henry White and Mr. Thomas Wickett addressed the council in support of the communication.

The Council did not favor this grant but as Mr. Long explained they had no alternative. The Library Board was an independent Board: they demanded the money and the Council had to pay it. It was the Councillors, however, who had to face the ratepayers and bear

the responsibility for the increased tax rate.

Deputy Reeve Patterson and Mr. Fulford explained that the bylaw for the Public Library was submitted to the ratepayers and carried by a large majority. If they objected now they should be told that they were by their votes responsible for the expenditure.

Moved by Mr. Fulford, seconded by Mr. Long that His Worship the Mayor sign an order on the Treasurer in favor of John T. Steen for the sum of \$33.35, said amount being a refund on moving picture show license issued September 1910.

Moved by Mr. Russell, seconded by Mr. Patterson, that an order be drawn on the Treasurer for the sum of \$50 in favor of Chief Bond, it being the annual grant for uniform.

Mr. Fulford gave notice that at the next meeting of the Council he would introduce a bylaw for regulating victualling houses and other places for refreshment or entertainment of the public in the town of Port Hope and to repeal bylaw 1012 as amended by bylaw No 1016.

A by-law to borrow the sum of \$3000 received its several readings and was passed.

Moved by Mr. Fulford, seconded by Mr. Long, that in compliance with the request of the Public Library Board, the sum of \$600 be, and the same is hereby appropriated to the said Board for the purchase of the proposed site for the Carnegie Library selected by the Board on the east side of King Queen street.

Moved by Mr. Long, seconded by Mr. Fulford, that H. W. Armstrong be, and he is hereby appointed engineer for the building of cement walks for the year 1911 at a salary of \$300 for the season work.

PORT HOPE. APRIL 18, 1911

Direct by C. N. R. To Union Station, Toronto

Steel is now laid continuously from Canton crossing to Toronto, so that trains may run on the C.N.R. from that point to the Union Station. A force of some 300 men and teams are busy ballasting the track west of here.

The Dominion Bridge Company started to place the first girder in position this Tuesday morning when the embankment began to settle under the heavy weight.

The fill was made with clay, a great proportion of which contained frost, consequently it is not as solid as it will be later, but in order to make it more secure, extra long and heavy ties are being placed on the new embankment. The steel for the entire viaduct is expected to be erected within about a month.

There remains some grading to finish at the west end of the viaduct, on the Howard contract. Mr. McNaughton is doing some draining and preparing the cutting so that it can be worked. The steam shovel which was working near the Station has been moved to the east end of the cut.

The repairs and furnishing of the Station here is progressing.

SPECIAL MEETING.—A special meeting of the Council will be held tomorrow evening to ask for tenders for the Electric Light Bridge.

Mr. Percy D. Walker, of the Bank of Toronto, Toronto, spent the holiday with his parents, Mr. and Mrs. Hugh Walker, Ward street.

Mr. Victor Scott, of the Bank of Toronto, Montreal, returned Monday evening after spending the holiday with his parents, Mr. and Mrs. W. H. Scott, Ridout street.

TWO MEN.

Bill Brown is dead! Upstairs in grief
His widow weeps, while down below
The neighbors now in charge of things
Are softly moving to and fro
And now and then come men to speak
Their word of sympathy and cheer,

To sound the praises of poor Brown
And place their roses on his bier.

Across the street Tom Green plods on,
Alone, unaided in his fight
To keep his wife and children clothed
He has to hustle day and night,
A word of praise would do him good
He's hungry for a bit of cheer
But all his neighbors take their flowers
To decorate a dead man's bier.

Brown doesn't know what's going on,
But poor Tom Green across the way
Turns to his wife and sadly says:
"I'll have a lot of friends some day
Some day you'll hear my praises sung,
And men will bring me roses red
They'll all rush up and boost poor me
The minute that they hear I'm dead."

MR. GEO. BUSKIN'S CASE

Aged Colporteur Need Not Support Wife.

Toronto Star.
George Buskin, the sailors' missionary appeared before Judge Denison in the County Judge's Criminal Court this morning, charged with non support of his wife, Ellen Buskin.

Mrs. Buskin said she had been married previously in England and went to Kansas with her husband and he afterwards left her and wrote saying he had obtained a divorce. Later she met Mr. Buskin at a missionary depot on King street and was employed by him as a housekeeper at \$5 a week and her support. About two years ago she married the accused. There were many disagreements, and finally he left her, saying he believed her former husband was still alive. She afterwards heard that her husband was dead.

Buskin promised to support her if she could prove this, but had not done so.

In cross examination Mrs. Buskin denied that she had ever "banged the accused's head against the door or blacked his eye or chased him with a carving knife. She said she had never wanted to marry him but thought that "perhaps God had called her to do a little toward helping in the good work."

In answer to a question she said women had come to her and cried and told her bad things about him. She admitted that when Mr. Buskin came back and was living with his children on O'Hara avenue, she went up there and demanded money.

Asked if her marriage to Buskin had injured her in any way, she said: "Yes, I am a moral, physical and spiritual wreck to what I was before I knew him."

Mrs. Buskin said she was suffering from nervous breakdown and this was due to what had been said and done to her by the accused.

His Honour ruled that the case did not come under the statute as any ill effects experienced by Mrs. Buskin were not due to the fact that she had not been supported properly but on her own showing, to what he had said and done to her and therefore dismissed the case. Mr. Buskin was not therefore, given any opportunity to refute his wife's statement.

CURIOUS LOGIC.—Because the Ontario Legislature imposed a tax on bar receipts the Toronto hotelmen have resolved to increase the rates for rooms by from fifty cents to a dollar a day. It is accepted economic doctrine that whoever may first pay a tax, the burden, with additions, falls ultimately on the man who uses the taxed article or service. There are variations in the process of course, and few can be more curious than this Ontario one, which is to make the man who uses a hotel sleeping room pay for what is consumed by the man who inhabits the bar room.—Montreal Gazette.

IMPORTANT JUDGMENT

Deals a Serious Blow to the Foes of Local Option.

An important judgment was given the other day by Mr. Justice Middleton, in the case of the West Lorne local option vote in which he stated that persons who vote improperly cannot be given the protection of the statutes concerning the secrecy of the ballot, and their ballots cast improperly are only waste paper and impede the counting of the votes.

The result of the polling in West Lorne on the local option by-law was 141 in favor of it and 92 against. Judge Colter in scrutinizing the poll found there was an additional vote for the by-law, but he also found that five men had voted who had no right to vote. Had Judge Colter followed the custom he would have subtracted the five invalid votes, from the poll in favor of the by-law and declare the by-law defeated, but by Judge Middleton's judgment, Judge Colter cannot declare that the local option has not carried until he finds out how the five men marked their ballot papers. He must first investigate the matter to find out actual facts.

"The papers cast as ballots," said Judge Middleton, "by those not entitled to vote are not really ballots at all, and it is the duty of the Judge to eliminate from the real votes the spurious ballots mingled with the true by the inadvertent admission to the polling booth of those not entitled to exercise the franchise."

Boat Capsized by Tide.
New York, April 13.—A tiny row-boat, filled with a party of eight Italians, capsized in the swirl of the tide through the narrow neck of Long Island Sound, separating Forts Totten and Schuyler, yesterday afternoon, and of its human burden three bodies have been recovered, one is missing and four were rescued. A six months' infant, torn from its mother's breast, was held above the waves by its swaddling clothes, rescued and rushed to Flushing Hospital, where it will recover.

A TROUBLESOME MISGIVING

(Continued from yesterday.)

These capitalists declare that they have at heart the interests of the working classes; so has Earwaker, and he is far better able than they to promote those interests. His duty is to apply their money to the best use, morally speaking. If he were lukewarm in the matter, I should be the first to advise his retirement; but this fight is entirely congenial to him. I trust he will hold his own to the last possible moment.

'You must remember,' put in the journalist, with a look of amusement, 'that Peak has no sympathy with Radicalism.'

I lament it, but that does not affect my argument. If you were a high Tory, I should urge you just as strongly to assert yourself. Surely you agree with this point of mine, Mr. Peak? You admit that a man must develop whatever strength is in him.

'I'm not at all sure of that.' Malkin fixed himself sideways in the chair, and examined his collocutor's face earnestly. He endeavored to subdue his excitement to the tone of courteous debate, but the words that at length escaped him were humorously blunt.

'Then of what are you sure?' 'Of nothing.'

'Now we touch bottom!' cried Malkin. 'Philosophically speaking I agree with you. But we have to live our lives, and I suppose we must direct ourselves by some conscious principle.'

'I don't see the necessity,' Peak replied, still in an impassive tone. 'We may very well be guided by circumstances as they arise. To be sure, there's a principle in that, but I take it you mean something different.'

'Yes I do. I hold that the will must direct circumstances, not receive its impulse from them. How, then, are we to be guided? What do you set before yourself?'

'To get through life with as much satisfaction and as little pain as possible.'

'You are a hedonist, then. Well and good! Then that is your conscious principle?'

'No, it isn't.' 'How am I to understand you?'

'By recognizing that a man's intellectual and moral principles are likely as not tend to anything but his happiness.'

'I can't admit it!' exclaimed Malkin, leaping from his chair. 'What is happiness?'

'I don't know.' 'Earwaker, what is happiness? What is happiness?'

'I really don't know,' answered the journalist, mirthfully. 'This is trifling with a grave question. We all no perfectly well that happiness is the conscious exertion of individual powers. Why is there so much suffering under our present social system? Because the majority of men are crushed to a dead level of mechanical toil, with no opportunity of developing their special faculties. Give a man scope and happiness is put within his reach.'

'What do you mean by scope?'

'Scope? Scope? Why, room to expand. The vice of our society is hypocrisy; it comes of over-crowding. When a man isn't allowed to be himself, he takes refuge in a mean imitation of those other men who appear to be better off. That was what sent me off to South America. I got into politics, and found that I was in danger of grow-

ing dishonest, of compromising, and loading. In the wilderness, I found myself again.—Do you seriously believe that happiness can be obtained by ignoring one's convictions?'

He addressed the question to both, sniffing the air with head thrown back.

'What if you have no convictions?' asked Peak.

'Then you are incapable of happiness in any worthy sense! You may graze, but you will never feast.'

The listeners joined in laughter, and Malkin, after a moment's hesitation, allowed his face to relax in good-humoured sympathy.

'Now look here!' he cried. 'You—Earwaker; suppose you sent conscience to the devil, and set yourself to please Runcorn by increasing the circulation of your paper by whatever means. You would flourish undoubtedly. In a short time you would be chief editor, and your pockets would burst with money. But what about your peace of mind? What about happiness?'

MIRACULOUS RESULTS IN DUNVEGAN, C.B.

GIN PILLS Brought Relief

"I suffered untold misery even when under treatment from the best doctors for over ten months, and nothing seemed to do me any good or relieve my painful condition. My trouble was inflammation of Kidneys and Bladder. I finally determined to go to the Victoria Hospital, Halifax, for treatment."

Two days, however, before my intended departure, a neighbor called and happening to have a GIN PILL in his pocket, insisted on my taking it. I did so and six hours after taking it, the results and benefits I derived were simply nothing more or less than miraculous. Instead of going to the hospital, I sent for a box of GIN PILLS with the result that I am a cured man. I recommend GIN PILLS to everyone suffering from Kidney Trouble."

BOUND AND GAGGED

Colborne Young Man Tells a Remarkable Story.

TIED AND LEFT TO BURN

A Youth Named Burk Employed in a Printing Office Declares That a Strange Man Tampered With the Safe in the Office, Tied Him and Set Fire to the Block—Several Buildings Were Destroyed.

Cobourg, April 18.—A sensational story comes from Colborne to the effect that in a fire Sunday night Lester Burk, an employee of the Express Printing Office, was found in the burning building tied hand and foot and gagged.

According to his story, about midnight he saw a light in the Express office that attracted his attention. He entered and saw a man busy at the safe, who on his enquiring his business seized him, bound and gagged him, piled newspapers around him, set them on fire and left him to burn. Two citizens, hearing cries, rushed through the flames and rescued Burk, who was taken to the Brunswick Hotel, suffering from severe burns.

The conflagration spread, and the Youmans' Block, containing the Express printing office, Toronto Bank premises, G. E. R. Wilson's insurance office, residence occupied by Mrs. Youmans and buildings next to it, in the west, including McCracken's hardware store and residence, and the Burleigh residence, were burned. The flames spread so rapidly that the inmates of the residences only saved the clothing that they wore.

Many wild rumors are afloat. It was said that the safe in the Wilson office was tampered with, but investigation, a later report says, proved this to be untrue. A tramp was arrested, but was later allowed to go.

When Burk was found his hands were tied behind his neck, his feet tied together, and he was fastened in a chair, around which the newspapers were piled.

Burk says he remembers the man saying to a companion with him: "If I don't find the papers, I will burn the whole place up." He describes his assailant as tall and dark and about 30 years old, with a moustache.

Desperate Around Fez.

Paris, April 18.—The decision of the Government to despatch French reinforcements to Morocco is due to the fact that the internal situation of Morocco is growing steadily worse. Several tribes hitherto faithful to Sultan Mulai Hadid have thrown in their lot with the rebels.

The position of Fez, including the matter of the lives and property of foreigners, is considered critical. The rebels are reported drawing a circle around the capital. Despatches received here by way of Spain indicate that sedition is rampant in Fez itself, with food growing scarce and communication with the coast becoming daily more difficult.

Condition of U. S. Steel Workers.

New York, April 18.—An investigation into the working conditions in the mills of the U. S. Steel Corporation was decided on at the annual meeting of the stockholders, in Hoboken, N.J., yesterday.

The proposal came up after the election of directors, when Charles M. Cabot of Boston introduced a resolution providing for a committee of five to investigate and report to the finance committee not later than Oct. 1, as to the truth of the statements contained in a recent magazine article alleging that employees of the corporation were overworked.

Old Liberal Worker Dead.

St. Catharines, Ont., April 18.—J. J. McCarthy, who up until a few years ago was one of the most active workers for the Reform party in Ontario, died at Gowanda, N.Y., Saturday afternoon, and was brought here for burial on Sunday. His saloon in Buffalo figured prominently in the famous "Minnie M." case.

Grew Too Fast.

London, Ont., April 18.—Anthony Sidoti died Sunday at his parents' residence, 96 Fullerton street. That he grew too fast, which affected the action of his heart, is said to have been the cause of his death. Sidoti was 16 years of age, considerably over six feet tall and fairly well built.

Damming Long Sault.

Ottawa, April 18.—The project of the damming of the Long Sault Rapids is not dead by a long sight. Canadians who think this U. S. grab scheme is killed were never more mistaken in their lives. Something is due to happen any day now.

LADIES INDIGNANT.

Montreal Women Are Stopped at the U. S. Line.

Montreal, April 18.—A number of Montrealers who took part in the Easter excursions to New York had the unpleasant experience of being held up at the border and compelled to delay their trip for a day before being given permission to enter the United States. Among these Montrealers were Mrs. D. E. Ferguson and Mrs. F. Helmer.

John H. Clark, the United States commissioner of immigration, in discussing the subject yesterday, said there was nothing unusual in a number of excursions being delayed in this way.

"I wish you would make it perfectly plain," he said, "that the delay means no reflection whatever on the character of the individuals concerned. Our officials have very strict instructions in regard to this matter, and they have to carry them out. Their instructions are that whenever they have a doubt about a passenger they have no alternative but to refuse admission to that passenger to enter the States, until the passenger has satisfied a board of enquiry as to identity. The instructions are very strict in regard to ladies without escort, and our department at Washington makes it obligatory on us to ascertain the destination of every such lady."

Passengers might easily avoid any such unpleasant delay, he said, by applying at the United States immigration office in Montreal, and getting a certificate of identity.

Had No Trouble in North.

Ottawa, April 18.—Referring to despatches which have been sent out from Ottawa stating that there have been attacks by starving Indians on Hudson Bay Co. posts, and that they were looting the supplies cached by the Government, Comptroller White of the R.N.W.M.P. handed the following statement to the press yesterday:

"The story is absolutely without foundation. It is the most atrocious thing I ever seen. It is absurd. The man who sent out the story is a liar. No reports have been received by the Ottawa Government indicating conditions such as are stated in the despatches. The Government have no supplies cached at various points between Churchill and Lake Winnipeg, nor have they received any reports of the intention of the Indians, the halfbreeds, or the 'ferocious halfbreeds' to attack the Hudson Bay posts or the mounted police posts. There have been no skirmishes, so far as the Government is aware, between the Hudson Bay posts and the 'ferocious halfbreeds.' On the contrary, the reports state that the Hudson Bay and the halfbreeds are working harmoniously and in conformity with the Government arrangements. There are no ferocious halfbreeds in the district between the north and Lake Winnipeg and Hudson Bay."

Anglo-Americans Hold Key.

New York, April 18.—"The relations between Great Britain and the United States constitute the real key to the situation in preserving the peace of the world," said Sir Joseph Ward, Premier of New Zealand, here yesterday.

"In the British overseas dominions adjacent to the Pacific it is recognized that one of the most important questions we have to keep before us is the preserving of our territory for the British race and doing everything in our power to prevent Asiatic immigration to any great extent," said Sir Joseph. "This problem is one which also closely concerns the United States, and, in my judgement, some well-thought-out plan of Anglo-Saxon co-operation is necessary to preserve all the countries of America from the invasion of Asiatics."

Clergy Support Arbitration Treaty.

New York, April 18.—The clergymen of Greater New York, representative of all denominations, met here yesterday under the auspices of the Baptist Ministers' Conference and passed a resolution in support of President Taft's project for an arbitration treaty between the United States and Great Britain. Among the speakers were Rev. T. J. Villiers, D.D., president of the Baptist Ministers' Conference; Rev. Dr. Robert S. MacArthur, and W. H. Short, chairman of the New York Peace Society. Copies of the resolutions will be sent to President Taft, King George, and Sir Edward Grey, the British Foreign Secretary.

MacKay Lauds Borden.

Lambeth, April 18.—In the course of his address on reciprocity last night, Hon. A. G. MacKay expressed his pleasure that so little importance could be attached to the rumors of R. L. Borden's retirement.

"I think the Conservative party has reason to be proud of the high class of man who is their leader to-day," he said. "I think Mr. Borden is a pretty high type of man and a pretty safe sort of citizen to whom to entrust power if there should be a change of Government."

A resolution endorsing reciprocity was adopted by the meeting.

Not Expected to Strike.

Montreal, April 18.—Despatches from Winnipeg prophesying a general strike of machinists on the C.P.R. and other railways in western Canada are not looked upon very seriously. It is stated that 12,000 men in the west are involved, and the increase they are asking would mean an additional outlay of over half a million annually by the C.P.R. and the C.N.R. Negotiations have been entered into between the men and the C.P.R., but there is at present no reason to believe that a rupture will result.

Summenced at Last.

Toronto, April 18.—After lying unconscious in St. Michael's Hospital since Monday morning of last week, when he was thrown from his bicycle while coasting down the Avenue road hill, Charles Faveau, 293 Yonge street, died at 7.40 last night of a fractured skull, sustained in his fall. The chief coroner has been notified and an inquest may be held.

OPINIONS ARE MANY

U. S. Congressmen Widely Divergent on Reciprocity.

PAPER MAKES AN INQUIRY

New York American Makes a Poll of the Senate, Which Shows That If the Democrats Support Agreement It Can Probably Be Passed—Republicans in Lower Chamber Show Majority Against.

Washington, April 18.—"After a thorough canvass of the Republican membership of the House I can state positively that a substantial majority of the party will vote against the Canadian reciprocity bill," said Representative Dwight of New York, the Republican whip, last night. The bill is to be put on its passage this week.

This will not prevent its passage, even though a number of the Democrats follow the course now indicated, and vote against the majority of their party. The Democratic majority in favor of it has greatly increased in the new Congress, however.

Five speakers participated in the debate yesterday. Representative Fordney of Michigan, a Republican member of the ways and means committee, and Representative Lenroot of Wisconsin, an insurgent Republican, spoke at length against the bill. Representatives Harrison of New York and Peters of Massachusetts, Democratic members of the ways and means committee, and Representative Crumpacker of Indiana, Republican, advocated its passage.

Mr. Lenroot gave an emphatic statement of insurgent politics and views. Questioned from the Democratic side, he declared that he opposed the reciprocity agreement because he believed it actually increased many duties. He declared that if the Democrats were sincere in their desire to put more articles on the free list they would attach the free list to the reciprocity bill. He accused them of wanting the President to veto their free list bill when it finally passed, to make political capital for them.

"The progressive Republicans have never been free traders," said Mr. Lenroot. "I challenge anyone to point to any speech made by a progressive Republican in Congress or elsewhere advocating free trade. I stand for a protective tariff, measuring duties by the difference in cost of production at home and abroad."

"Do you endorse your party's action in passing the Payne tariff bill?" asked Mr. Cullip of Indiana.

"I do not," said Mr. Lenroot.

"Do you consider it a violation of your party's pledge?"

"I do," said Mr. Lenroot.

"If my party had kept its pledge, there would have been a minority upon your side of the House, instead of a majority," added Mr. Lenroot.

New York American's View.

New York, April 18.—The American's Washington correspondent writes:

Democratic tariff revision faces defeat in the Senate through alleged Democratic votes. A private poll of the Senate Democrats, which has been made by the New York American, shows at least half a dozen members who will refuse to follow the splendid leadership of the House and vote for the farmers' free list and other downward revision bills that will be passed by the lower chamber.

In a poll made by the American it was shown that if the Senate Democrats voted solidly for the House bills a sufficient number of Republican progressive votes could be secured to insure the passage of the tariff revision measures. It is practically certain now, however, that the Democrats will not vote solidly.

Bailey is already secretly at work against the farmers' free list. He and half a dozen of his followers are preparing to duplicate their tariff attitude of 1909, when they stood with Aldrich on many of the most vital questions.

Notably, it is understood Bailey will make a determined fight against free lumber. It is to be observed in this connection that it was Bailey who led the fight for the vindication of Lorimer, and it was Hines of the lumber trust, it is now disclosed, who played the chief part, not only in Mr. Lorimer's election, but later in directing the Bailey campaign for the whitewashing of the Illinois Senator.

One of the best-known leaders of the House informed the American correspondent last night that the House will have decided upon its entire legislative program by June 1. This leader, discussing the probable action of the Senate, declared that among the well-informed members of the House it was generally agreed that the Senate will pass nothing—not even reciprocity, and that by about the end of August an effort will be made to take a recess until Oct. 1.

Farmers to State Case.

Washington, April 18.—Two trainloads of western farmers are coming to Washington in a month or so to appear before the Senate Committee on finance in opposition to Canadian reciprocity.

Reports reaching Washington indicate that there will be a big delegation from Minnesota, Montana and the Dakotas, and that an extensive hearing on the subject will be demanded.

Oil Fuel a Success.

Montreal, April 18.—A telegram was received at C.P.R. headquarters yesterday from Wm. Whyte, vice-president of the company in Winnipeg, stating that the company's steamship Princess May had just completed one round trip from Vancouver to Skagway with oil fuel, and that the results were very satisfactory.

Left \$75,000 to the Church.

London, Ont., April 18.—The will of Miss Bridget de D'Avon, who died here several days ago, leaves her estate valued at \$75,000 to religious institutions of the Roman Catholic Church in this city.

George P. Egan of Los Angeles, is living after falling five stories from a window of a San Francisco hotel Sunday night and alighting on his head on the stone pavement.

May Not Appeal.

Montreal, April 18.—The strong pronouncement of Bishop Farthing in Christ Church Cathedral Sunday night condemning the dissolution of the Herbert marriage, on the ground that it had not been performed by a priest of the Roman Catholic Church, set a movement on foot in the city yesterday morning with a view to having the case carried, on appeal, to the Privy Council.

Some difficulty was immediately encountered, however, in the fact that the judgment of the court annulling the marriage went by default, and, therefore there is no client available whose case could be carried to appeal.

The petitioner in the civil action was the husband, and it was stated yesterday at the office of his counsel, L. J. Lefebvre, who has himself left for a trip to Europe, that Mrs. Herbert was a consenting party to the separation. It was further stated that previously the marriage had been declared void by the application of the parties, and the subsequent court action was taken for a dissolution of the marriage civilly.

The lawyer who had interested himself in the case in the interests of an appeal to the Privy Council, stated yesterday that, with the facts as now reported, a different complexion was put upon the story, and it was hardly likely that an appeal would be attempted.

Inspector Fitzgerald Dead.

Halifax, April 18.—A despatch was received last evening by Mrs. John Fitzgerald of this city conveying to her the sad news of the death of her son Frank, who was inspector of the Northwest Mounted Police.

The despatch was from Mr. A. B. Perry, commissioner of the Mounted Police at Regina. Commissioner Perry states that Inspector Fitzgerald's death occurred last January, near Port Macpherson, while making a patrol to Dawson, and that three other members of the party met death at the same time. The commissioner says that he will forward details when received, and that he extends his sincere sympathy, the force having lost one of its most valued officers.

Inspector Fitzgerald had been with the Northwest Mounted Police for about twenty years. He was the first man to make his way to Dawson over the trail on which he met his death.

The rank of inspector is equivalent to that of major in the army.

Condemn Co-operative Bills.

Montreal, April 18.—Resolutions condemning the two co-operative bills now before Parliament were adopted at the annual meeting of the Retail Merchants' Association here yesterday. The general objection raised against the bills was that they would permit irresponsible persons to collect funds from the working classes under promise that they benefit by being members of a co-operative association, which would in return sell them merchandise at reduced rates, but it was alleged that the history of these organizations in England, where they were looked upon as having socialistic tendencies, was that failure often came to their doors, and subscribers only found out later they had been duped.

Call for Tenders for Mails.

Ottawa, April 18.—The Department of Trade and Commerce has called for tenders for a mail service between Canada and Jamaica, the service to be from Halifax, N.S. (with a call at St. John, N.B., each trip), to Kingston, Jamaica, the steamers to put in on each trip at Bermuda and Turk's Island. The tenders may be for either 14, 10 or 7 days. The vessels must be of British register, and preference will be given to ships which possess cold storage facilities.
