### A FINE PLAY.

Production of "The Final Settlement" in Peterboro Much Enjoyed.

The drama "The Final Settlement" was presented afternoon and evening in Peterboro last Saturday and the Examiner has the following to say.

"The Final Settlement," a strong well written drama of modern life, was capably presented by a splendid company at the Grand on Saturday and created a most favorable impression upon the audience. The action is impressive and marked by stirring situations and the characters are sharply delineated. The cast throughout demonstrated its ability to get the most out of their lines, and the production was much enjoyed. The above company appear here tomorrow night.

## SPORTING SKITS

### CURLING

The bonspiel which was to have opened in Cobourg to-day has been postponed for one week.

### HOCKEY.

Speaking of the loss of the Frontenac goal keeper, the Whig says: There is indignation against Oshawa, by the local hockey fans. It will be remembered that last year they entered a protest against Moran, of the Frontenacs. It is felt that their action in this case was due solely because, after they had inveigled Marchand into going to Oshawa, last spring he returned home, after a short stay. It is about time that the O. H. A. made a thorough investigation into the standing of sport in Oshawa. It is understood that during the spring and summer they imported between thirty and forty hockey players to

## C. N. R. WORK

At a Standstill Here—Various Reasons Given For Delay

Work by steam shovel on the C. N. R. here has ceased for the present. Various reasons are assigned: the men refusing to work in the cold, the slow progress owing to deep frost and necessity for blasting, and last but not least, a dispute alleged to be on between the contractor and the chief engineer about allowances for overhaul from the excavation to the dump at the east end of the viaduct may have something to do with it. Whatever may be the cause of the stoppage the delay is complete for the steel of the viaduct cannot, we understand be handled until the embankment east of the viaduct is complete. The steel erectors will not trust the temporary trestle to carry the weight of the girders and other heavy steel as well as their erecting equipment.

It looks as though this will be the very last spot to finish on the Toronto Ottawa Line of the C.N.R.

"The Old Homestead" was first produced at the Boston Theatre in April, 1886, it seems incredible that this same, simple, domestic drama, dealing, as it does, with scenes and incidents which are in no way remarkable in themselves, should in this theatrical season of 1910-11 be still the best drawing cards in the theatrical world. Millions of people have witnessed it during the past twenty-two years, and yet the theater-going public has not yet tired of dear old Uncle Josh, of Cy Prime and Seth Perkins, Aunt Matilda, Eb Canzy, Happy Jack, Ricketty Ann and the other. The singing of the quartette of farm hands is looked forward to with as much interest as of yore and the scenic equipment this season is as beautiful and effective as ever. This play will appear at the Grand on Monday, Feb. 20th. Plan open at G. V. Strong's on Thursday morning.

## The Evening Guide

PORT HOPE, FEB. 14, 1911

## A TROUBLESOME MISGIVING

(Continued from Saturday)

The table was laid for tea, as usual. Though he might have gone to Twybridge this evening, he had preferred to stay over night, for an odd reason. At a theatre in Kingsmill a London company, headed by an actress of some distinction, was to perform "Romeo and Juliet," and he purposed granting himself this indulgence before leaving the town. The plan was made when his eye fell upon the advertisement, a few days ago. He then believed it probable that an evening at the theatre would appropriately follow upon a day of victory. His interest in the performance had collapsed, but he did not care to alter his arrangements.

The landlady came in bearing the tea-pot. He wanted nothing, yet could not exert himself to say so. But he was losing sight of a menace more formidable than defeat by Chilvers. What was it his black-guard uncle had said? Had the fellow really threatened to start an eating-house opposite the college, and flare his name upon a placard? "Peak's Dining and Refreshment Rooms"—merciful heavens!

Again the mood of laughter came upon him. Why, here was a solution of all difficulties, as simple as unanticipated. If indeed that awful thing came to pass, farewell to Whitelaw! What possibility of pursuing his studies when every class-companion, every professor, nay, the very porters,—had become aware that he was nephew to the man who supplied meals over the way? Moral philosophy had no prophylactic against an ordeal such as this. Could the most insignificant land attending lectures afford to disregard such an occasion of ridicule and contempt?

But the scheme would not be realized; it sounded too unlikely. Andrew Peak was merely a loose-minded vagabond, who might talk of this and that project for making money, but would certainly never quit his dirty haunts in London. Godwin asked himself angrily why he had submitted to the fellow's companionship. This absurd deli-

cacy must be corrected before it became his tyrant. The idea of scrupling to hilt the sensibilities of Andrew Peak! The man was coarse-headed enough to undergo kicking, and then take six-pence in compensation,—not a doubt of it. This detestable tie of kindred must no longer be recognized. He would speak gravely to his mother about it. If Andrew again presented himself at the house he should be given plainly to understand that his visits were something less than welcome,—if necessary, a downright blunt word must effect their liberation. Godwin felt strong enough for that, musing here alone. And, student-like, he passed on to debate the theory of the problem. Andrew was his father's brother, but what is a mere tie of blood if nature has alienated two persons by a subtler distinction? By the dead man, Andrew had never been loved or esteemed; memory supplied proof of this. The widow shrunk from him. No obligation of any kind lay upon them to tolerate the London ruffian.—Enough; he should be got rid of!

Alternating his causes of misery, which—he could not quite forget—might blend for the sudden transformation of his life, Godwin let the tea grow cold upon the table, until it was time, if he still meant to visit the theatre, for setting forth. He had no mind to go, but as little to sit here and indulge harassing reflection. With an effort, he made ready and left the house.

The cost of his seat at the theatre was two shillings. So nicely had he adjusted the expenses of these last days that, after paying the landlady's bill to-morrow morning, there would remain to him but a few pence more than the money needed for his journey home. Walking into the town, he debated with himself whether it were not better to save this florin. But as he approached the pit door, the spirit of pleasure revived in him; he had seen but one of Shakespeare's plays and he believed (naturally at his age) that to see a drama acted was necessary for its full appreciation. Siding with affected indifference, he added himself to the crowd.

To stand thus, expectant of the opening doors, troubled him with a sense of shame. To be sure, he was in the spiritual company of Charles Lamb, and of many another man of brains who has waited under the lamp. But contact with the pittance of Kingsmill offended his instincts: he resented this appearance of inferiority to people who come at their leisure, and took seats in the better parts of the house. When a neighbor addressed him with a meaningless joke which defied grammar, he tried to grin a friendly answer, but inwardly shrank. The events of the day had increased his sensibility to such impressions. Had he triumphed over Bruno Chilvers, he could have behaved this evening with a larger humanity.

TO BE CONTINUED.

## COMIC VALENTINE

### IS PASSING AWAY.

According to reports the old fashioned comic valentine will soon be a thing of the past. The post card valentine, a comparatively modern conception, leads the fashion in some centres this year, with

## Two and a Half Hours on Operating Table

Specialist Could Not Remove Stone in The Bladder

### GIN PILLS PASSED IT

JOLIETTE, P. Q.—"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with Stone in the Bladder."

He decided to operate but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try GIN PILLS.

They relieved the pain. I took two boxes and went back to the specialist. He said the stone was smaller but he could not remove it although he tried for two hours and a half. I returned home and continued to take GIN PILLS, and to my great surprise and joy, I passed the stone.

GIN PILLS are the best medicine in the world and because they did me so much good, I will recommend them all the rest of my life."

burnt wood and leather novelties next in demand. French valentines ornate in construction and costly are also in high favor.

With the passing of the old comic, dealers notice also a decline in the fervent type of valentine which breathes of romantic love in every line. Love in these days shows a tendency, they say, to express itself symbolically, or in a sort of sign language, which would probably have been rejected as inadequate by lovers of another generation.

The local dealers handling valentines have a very liberal display on hand, the more artistic, of course, predominates largely.

### No Advance in Tourist Rates.

Chicago, Feb. 13.—The Grand Trunk Railway has given definite notice to the other eastern roads of its intention to stand pat on the reduced summer tourist rates, which have been in force during the last two years. In the opinion of many eastern passenger officials, the action effectively puts a stop to the plans of some of the roads to advance the rates this year.

### Fined for Importing Aliens.

St. Catharines, Feb. 13.—For assisting an alien to enter Canada, Paul Munger, a Toronto merchant, was fined \$50 by Magistrate Rathbun of Bridgeburg. Munger brought Samuel Goldman of Buffalo across the river. It is understood, in order to have him work at tailoring in Toronto. Goldman was let off with a \$5 fine.

Geo. Buskin, Agent and Missionary of the International Evangelical & Colportage Mission of Algoma and the Northwest, is making his annual visit to Port Hope in behalf of its twenty-seventh year of disseminating Biblical literature among the men engaged in camp life and in rural districts.

There have been supplied by the missionary, which have been taken account of, over 45,000 copies of Biblical tracts, and about eighty editions of books and tracts have been published for the work in five languages, some of them costing many hundreds of dollars.

The donations of Port Hope last year were \$8.50.

The depots are at 63 O'Hara Avenue, Toronto, and 17 Eagle street, Rochester, N. Y.

### SOME NEWSPAPER LAW—READ IT

—If any person orders his paper discontinued he must pay all arrears or the publishers may continue to send it until payment is made, and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until payment is made. Any person who takes a paper from the Post Office, whether directed to his name or another, or into his home, or whether he has subscribed or not is responsible for the pay. This proceeds upon the ground that a man must pay for what he uses. The courts have decided that refusing to take newspapers and periodicals from the post office, removing and leaving them uncalled for is prima facie evidence of intentional fraud.

### WORRY SUBJECT TO CONTROL.

Take the great curse of life—worry. How we wrestle with this giant evil, to be overcome by it again and again! How the little things of experience, the small annoyances, the social snubs, the inconsiderate words of friends, the enmity of those who dislike us, seize hold of the mind, tear and torture it, until we are reduced to a mass of quivering and suffering nerves! Suppose now the victim of worry should, on retiring to rest, compose his limbs, close his eyes and calmly formulate in his mind this or a similar proposition:—Tomorrow I shall awake with a clear, free conscience, glad in the thought that I can do whatever work Providence assigns me. I will therefore be happy and cheerful. I will be master of myself and know myself master of circumstances. I will not only be happy myself, but will seek to make others happy. What will be the result? This: Worry will soon loosen its hold on the mind, the world will appear in a fresh guise, and the whole life will move on a new plane.

## HAD BETTER WAIT

Dr. Schaffner's Haste Depreciated in Commons

### WIRELESS FOR VESSELS

Member for Souris Moves a Resolution That the Government Operate Terminals Elevators, But the Majority Favors Waiting Till the Bill Now in the Senate is Reported—Eight-Hour Law Passed.

Ottawa, Feb. 14.—The Minister of Marine introduced in the House of Commons yesterday a bill to compel all passenger vessels to be equipped with a wireless telegraph system. The bill applies to all vessels carrying more than fifty passengers, except vessels plying between ports less than 200 miles apart. It is evident this would exempt vessels on the great lakes.

The bill was read a first time, as was also a bill by J. Stanfield (Colchester), to amend the Inspection and Sale Act so as to oblige millers and packers to mark the weight on each bag containing flour or meal.

During consideration of the amended bill respecting the Canadian Northern Ontario Railway Co., N. Nesbitt (North Oxford) moved the introduction of a clause providing that the company shall not enter upon or cross highways except with the consent of the municipalities affected.

Mr. Guthrie opposed the amendment, arguing that while such a clause was included in recent railway charters it was not necessary in the case of branch line charters of the C.P.R., G.T.R. and C.N.R., which were all under the jurisdiction of the Railway Commission, and the latter might be depended upon to see justice done to the municipalities.

Mr. Nesbitt withdrew his objection, and the bill went through.

The amended bills to incorporate the Security Trusts Corporation, and respecting the Algoma Central and Hudson Bay Railway Co. were also passed.

Mr. Macdonnell of Toronto was informed that last year the Government paid \$1,828,533 in bounties on iron and steel, and \$382,912 in drawbacks to manufacturers upon dutiable materials entering into manufactured goods exported.

The timely, if much discussed, topic of grain elevators was again debated at some length, on a resolution proposed by Dr. Schaffner (Souris, Man.), as follows: "The present system of operating terminal and transfer elevators is detrimental to the interests of the western grain producers, and that the Government should take immediate steps to operate terminal elevators at Port William and Port Arthur and the transfer elevators between these terminals and the Atlantic seaboard."

Mr. Neely replied that the Government had already introduced in the Senate a measure dealing with the grain elevator business, placing its management in the hands of a commission.

He moved in amendment that the House take no action on Dr. Schaffner's resolution, pending consideration of the Government's bill.

Then the majority of the western members, as well as a number from the east, supporting the motion, and the Liberals the amendment.

Hon. Frank Oliver thought the Government would not be justified in taking full responsibility for terminal and transfer elevators. It behooved any sane Government to move cautiously, and this Government could not undertake this huge responsibility without thorough enquiry into the matter.

Dr. Schaffner's resolution was voted down by 96 to 54.

Mr. Verville's eight-hour bill was given its third reading. Dr. Sproule, Dr. Edwards and Mr. Hodgins spoke against it.

### Free Speech Will Live.

New York, Feb. 14.—"Free speech in America will live even if the United States Supreme Court does declare the boycott case against us," declared Samuel Gompers, president of the American Federation of Labor, as he left for Washington yesterday.

"The freedom of the press also shall continue," added the labor leader.

"Should the court declare against us, of course we shall have to go to jail and the battle will be fought out all over again, and the voices of myself and my associates, John Mitchell and Frank Morrison will not be stifled, even if we are behind iron bars."

### Will Appeal Fraser Decision.

Toronto, Feb. 14.—Not yet has the famous Michael Fraser case come to an end. Yesterday, Catherine McCormack, one of those who brought action to set aside the marriage, and who sought to show that Michael, the octogenarian, was not competent to manage his own business, gave notice of appeal to the Divisional Court, the argument of which will be heard to-day. Justice Britton tried the case, and, after visiting the old man, declared he was quite capable of marrying Miss Robertson or doing anything else without the direction his relatives.

### Pronounced Their Vows.

Kingston, Feb. 14.—The following sisters pronounced their final vows yesterday: Miss K. O'Rourke, Brockville; in religion, Sister M. Winnifred, Miss C. Quinn, Ferguson Falls; Sister Hilma, Miss M. E. McCoy, Corkery; Sister Edmund, Miss M. E. Scott, Corkery; Sister Alacoe, Miss T. Lynett, Westport; Sister J. Baptist, Miss H. Honegan, Oseola; Sister Victoria, Miss K. Farrelly, Glenburnie; Sister Rita, Rev. C. J. Mea, dean of Regiopolis College, performed the ceremony.

### Knights of Columbus.

Chatham, Feb. 14.—Local Knights of Columbus last night dedicated their new temple. Visiting brethren were present from western Ontario points. Bishop Fallon of London was kept away through a slight indisposition.

## WINS FIRST POINT

McCall Bill Gets Immediate Consideration in House.

## REPUBLICANS ARE DIVIDED

More Than Half of Them Vote Against Taking Measure Up at Once—Total Majority in Favor of Primary Step Is 77 and Representatives May Pass the Bill Before Tonight—Most Will Oppose It.

Washington, Feb. 14.—The McCall bill, carrying into effect the reciprocity agreement, reached the floor of the House yesterday, and probably will be passed by that body before adjournment to-night. Even the opponents of the measure admitted yesterday that there was no stopping it in the House.

A test vote came yesterday soon after the House was called to order by Speaker Cannon. Mr. McCall moved the immediate consideration of his bill. As finally corrected, the vote to take up the bill was 197 to 120. The bill will be passed, it is expected, by even a larger majority. Yesterday 101 Republicans voted against immediate consideration. This number will show a decided diminution on the final roll-call. Sixty-three Republicans voted for immediate consideration.

The Democrats vote was divided, 134 in favor of immediate consideration and 19 against. As in the case of some of the opposing Republicans, a few of the Democrats voted against immediate consideration, because they are members of the District of Columbia committee. Democratic leaders say there will be but six or seven votes against the passage of the bill from their side.

The test vote taken yesterday and the general debate that followed, clearly demonstrated the serious split that exists among the Republicans of the House on reciprocity. It now appears that a majority of the Republicans will vote against the measure, although the President is likely to get more support from that side of the chamber than he at first anticipated. Like the "regulars," the "insurgent" ranks are torn wide open, and a majority of them will vote against the measure.

The Republican split is accentuated by the fact that one member of that party, Mr. McCall, of Massachusetts, is directing the debate in favor of the measure, and another Republican, Mr. Dalzell, of Pennsylvania, is directing the fight against it.

**Pantchenko's Fate in Balance.**  
St. Petersburg, Feb. 14.—Arguments in the cases of Dr. Ivan Pantchenko and Count Patrick O'Brien de Lassy, charged with the murder of Count Vassili Boutourlin, were begun yesterday. A speedy verdict is expected.

Pantchenko, who is more than seventy years of age, is awaiting his fate cheerfully, but de Lassy is under the constant care of the prison physicians to prevent a collapse.

Legal opinion generally considers that the prosecution has not proved that Boutourlin, de Lassy's brother-in-law, was murdered.

The disreputable character of both prisoners was so thoroughly shown, however, that a verdict of guilty will not be surprising.

**The Federals Retreat.**  
Marfa, Texas, Feb. 14.—Delayed advice received here yesterday clear up suspense over results of the fighting between Insurrectos and Federals around Mulata. The last word received during the middle of last week, told of Federal reverses in an assault on rebel lines at Mulata. News received here yesterday says the tide of battle remained the same with the result that the Federals retreated to Ojima, their base of supplies. The insurrectos were unable to check Luque's retreat. Their supply of ammunition was exhausted. The Federal loss was forty killed and wounded.

**List of Peers to Pass Veto.**  
London, Feb. 14.—Premier Asquith announced in the House of Commons yesterday that he would introduce the Government's veto bill next Monday.

As evidence of the Government's intention to force this measure through, John W. Gulland, the Scottish Liberal whip, stated in a speech at Edinburgh yesterday that he was busy just now compiling a list of men who would accept peerages with the object of passing the veto bill in the Upper Chamber, in the event that the Conservative peers proved recalcitrant.

**A New System.**  
Ottawa, Feb. 14.—Mr. A. A. Dion, general superintendent of the Ottawa Electric Co., is out with a new suggestion for the revision of the electric light rates in the city.

It is to base a flat charge for light on the rent or assessment of a house or business premises. It has, he says, been used to advantage extensively in England, and found to work satisfactorily. Thus, if a man is a tenant, he would pay for his light on the basis of his rent, or if he is an owner he would pay on the assessment value.

**Let It Come Soon.**  
New York, Feb. 14.—A Times' special from Baltimore says: Dr. Jacob H. Hollander, professor of economics of the Johns Hopkins University, predicted that a day would come when poverty would be as obsolete as slavery, in an address yesterday at the annual meeting of the Hebrew Benevolent Society. This opinion, he said, he based upon his historical studies and his personal investigations of charitable methods in vogue to-day.

**Vagrant Swindled Ministers.**  
Rochester, N.Y., Feb. 14.—Eugene P. McPherson, aged 23 years, of Connecticut avenue, Buffalo, was sent to the penitentiary yesterday for six months on a charge of vagrancy. He managed to elude the officer taking him from the detention room, and made his escape. McPherson was arrested on the complaint of a score of ministers, who said he swindled them out of money with a hard luck story.

## WILL BE SURPRISED.

Mr. Fielding Tells Pork Packers to Cheer Up.

Ottawa, Feb. 14.—An influential deputation of packers waited upon Sir Wilfrid Laurier, Hon. Messrs. Fielding and Paterson yesterday afternoon, urging upon them the injurious effect the proposed reciprocity agreement with the United States would have upon the meat-packing industry of Canada. Among them were: J. W. Flavelle and C. S. Blackwell, Toronto; Peter Land and Gun, Montreal; W. E. Mathews, Peterboro; C. W. Ingersoll, W. Irwin, Stratford; W. W. Walker and R. Freeman, Hamilton.

The meat packers of Ontario and Quebec have invested large sums of money on buildings and plants and have the courage to build and equip their houses in advance of the production of hogs necessary to their operation, said the deputation. They have to-day, as they have for the past years, an aggregate capacity greatly exceeding the aggregate supply of hogs. They are therefore greatly concerned, and have great anxiety as to the effect upon these investments if the proposed reciprocity trade relations are established between Canada and the United States.

Hon. Mr. Paterson spoke first in reply to the deputation, and argued that the margin of protection would not be interfered with.

Mr. Fielding said the manufacturers were not always the best judges of what is best to do for their industries. Previous tariff changes had worked out all right.

"We are hopeful that if this agreement goes through you gentlemen will be agreeably surprised," remarked the Minister of Finance.

## BRIEFS FROM THE WIRES.

John H. Hammond will represent the United States at the coronation. The opera house at Elk Lake and a couple of other buildings were burned yesterday.

Rev. W. H. Milne made a statement from the pulpit regarding the attack made on him by Col. Sam Hughes.

Thomas Cole, the stormy petrel of Montreal newspaperdom, will enter the service of La Patrie in about two weeks' time.

Mrs. William Marshall of Hamilton, Mrs. William Brown and Mrs. Hurd of Burlington inherited \$250,000 by the death of their brother, Wm. P. Mallory of Stamford, Conn.

The annual three days' convention of the Ontario branch of the Dominion Alliance, whose motto is "Banish the Barrenness," opened at Cooke's Church in Toronto this morning.

Frederic Nicholls, Canadian consul for Portugal, has been advised by the Portuguese Government that a decree has been issued that all deserters will be reinstated in their privileges if they present themselves at the consulate within one year.

The proposed Canadian reciprocity agreement is attacked in a letter sent yesterday to Secretary of Agriculture James Wilson by former Governor James J. Bacheider of Concord, N.H., national master of the National Grange, Patrons of Husbandry, and chairman of the executive committee.

**Unable to Land.**  
Halifax, Feb. 14.—The Government steamer Montmagny, returned from Flint Island yesterday unable to effect a landing on account of heavy ice, which completely blocked Cabot Strait.

The Stanley is fast in the ice off Low Point, C.B. When she gets clear she will go to the Straits of Canada to help clear the ice from the shipping pier of the Inverness Railway & Coal Co., and will afterwards attempt to reach Flint Island and find out the cause of the distress signals which have been flying for several days. The officers of the Montmagny say the people could easily walk to the main land over the ice if they were urgently in need of provisions or medical aid.

**Leneve Loses Suit.**  
London, Feb. 14.—Ethel Clare Leneve, the fair typist, for love of whom Dr. Crippen slew his wife, Belle Elmore Crippen, yesterday lost her fight for the Crippen estate when the courts awarded it to Mrs. Theresa Hunn, of Brooklyn, a half sister of the slain woman.

Dr. Crippen had willed his estate, which was under \$15,000, to Miss Leneve, naming her as the sole executrix. Mrs. Hunn brought suit about six weeks ago and yesterday Judge Evans set the will aside on the ground of public policy.

**Dalhousie College Growing.**  
Halifax, Feb. 14.—The governors of Dalhousie College have started a campaign to raise a fund of \$300,000 to pay for the new site recently purchased to erect a science building, take over the Halifax Medical College and provide an endowment fund. Andrew Carnegie, it is expected, will contribute an equal amount as that raised locally to the building.

Dr. John Forrest, who has been president of the university for 26 years, has tendered his resignation.

**Burned to Death.**  
Smith's Falls, Feb. 14.—Samuel Howie, an aged resident of Huntley, Carleton County, was burned to death in his own home on Friday night. The deceased lived alone, and it is supposed that in building a fire in a stove to prepare his evening meal, his clothing caught fire and he was unable to extinguish the flames. The deceased was 71 years of age.

**Stiff Election Laws.**  
Quebec, Feb. 14.—Gedroff Langlois, the member for St. Louis, Montreal, is determined to make elections in Quebec clean, if it can be done by means of legislation. He has already introduced a bill prohibiting committee rooms, etc., and yesterday followed it up with another which renders a cabman who lets his rig on election day liable to a fine of \$100.

**Will Not Abolish Preference.**  
London, Feb. 14.—(C.A.P. Cable).—Gen. Louis Botha and Dr. Jameson have cabled the London Daily Mail denying the story that it is the intention of the South African federation to abolish the British preference.

## WIDE IN ITS SCOPE

Whitney's Bill to Protect Workmen's Scaffolds.

## HOYLE WITHDRAWS BILL

Premier Tells Member For North Ontario That the Line Fence Measure Curtails the Liberties of Farmers Too Much—Mr. Bowyer's Public Schools Bill Is Given a Second Reading in the Legislature.

Toronto, Feb. 14.—Two Opposition, 23 Government private members and eight Cabinet Ministers worked like beavers at the Ontario Legislature yesterday afternoon. The ladies' gallery was empty, while the Speaker's gallery was graced by one lady visitor and an usher. Twenty-five attentive male auditors in the visitors' gallery essayed the task of following the proceedings. This was one of perplexity and difficulty, as the House largely worked in committee on statutory revision.

Sir James Whitney's bill for the protection of persons employed in the construction of buildings empowers the Government to appoint as many inspectors of scaffolding as may be necessary in cases where the municipality does not appoint a sufficient number of inspectors.

A clause is printed strictly prohibiting the erection of scaffolding which is "unsafe, unsuitable or improper," in not affording "proper protection to the life and limb."

Swinging scaffolding more than 20 feet from the ground, must have a safety rail.

The maximum penalty for an infraction of the act is placed at \$500.

A number of regulations in seven additional clauses prescribe the regulations to govern different classes of buildings.

An interim report was presented to the House from two commissioners, Chief Justice Sir Charles Moss and Mr. Justice Garrow, on the Windsor Cemetery incorporation bill.

The commissioners reported that the bill should not be allowed to pass, as it in effect was a forfeiture of the property of the Windsor Improvement Co. The report said that "the mere lack of organization for many years does not cause a extinction of corporate existence." The commissioners did not return the bill, and after those having interests in the Windsor Improvement Co. have been heard from, may present the bill in a changed form with additions.

W. H. Hoyle, Conservative, North Ontario, brought up his bill respecting line fences. The object of the bill was to make the restrictions in regard to line fences more rigid.

Sir James Whitney asked for the bill's withdrawal on the ground that it curtailed to too great an extent the liberty of the farmers. "This bill," he said, "is an interference with a man's control of his own property."

The bill was withdrawn.

P. H. Bowyer's (East Kent) bill to amend the Public Schools Act was given a second reading.

Another contest to abolish exemptions in lands used in connection with churches, schools, and cemeteries was inaugurated by C. R. McKeown, Dufferin, Conservative, who moved his bill to amend the assessment act by repealing a series of exemption clauses, including three new exemptions.

The buildings and grounds of and attached to or otherwise bona fide used in connection with and for the purpose of every university, high school, public or separate school. The buildings and grounds of every seminary of learning, maintained for philanthropic, religious or educational purposes.

Considerable progress was made in committee with the statutory revision.

**Loses a Fortune.**  
Macon, Ga., Feb. 14.—Executors of the estate of the late H. J. Lamar of Macon are defending the suit of Lamar Washington for an eighth interest in a half million dollars on the ground that when young Washington wedded Miss Lucille Graves Osborne of New York several years ago, he did not obtain the consent of his aunt, as stipulated in the Lamar will. When a youth, he was adopted by his uncle, the late H. J. Lamar, and in consideration of the lad's "transfer," the uncle paid Lamar's father, Col. W. H. Washington of Nashville, \$10,000.

**Pittsburg-Canadian Society.**  
Pittsburg, Feb. 14.—The officers and directors of the Canadian Society of Pittsburg for 1911 are: President, E. Louis Hartwell; vice-president, Dr. Arthur Kew; secretary, W. M. Thompson; assistant secretary, Charles A. Reid; treasurer, Wallace M. Reid; board of directors, Dr. J. H. Robinson, J. A. Robertson, Victor T. Reed, E. A. Houston, W. W. Sanderson, M. M. Leager, Wm B. Pollock, C. H. Downes, C. O. Sternagle, W. H. McManus.

**A Banana War.**  
New Orleans, Feb. 14.—A banana war similar to that of two years ago, is waging in Eastern Nicaragua, according to advices received here. Within the last sixty days the price of bananas has jumped from 32 cents sold to 43 cents, and other advances are expected. New Orleans, New York, Mobile, Houston and Galveston are interested in the market.

**Will Sue the Doctor.**  
Montreal, Feb. 14.—The fact that a man, named R. Hutt, was sent to the city on Friday by a doctor in Valleyfield, suffering from smallpox, is causing no little concern in the health department at the City Hall. The medical health officer stated yesterday that he would take legal proceedings against the Valleyfield physician for his action.

**Father of Twenty-Two.**  
London, Ont., Feb. 14.—D. H. Flanagan, a wholesale butcher, well-known in Toronto and Montreal, who died here Saturday, was the father of a family of twenty-two children, fourteen of whom survive him.

## THEIR FORTUNE A DREAM.

Toronto Heirs-Expectant Get a Cruel Shock.

Philadelphia, Feb. 14.—To feel pretty well assured of an heirship to a considerable slice of over one hundred million dollars' worth of property in the heart of Philadelphia, and to be informed that all their less for searches and trips to and from this place and Toronto, had gone for naught, is the disappointment that two residents of Toronto, Canada, carried home with them last week.

George Heise, 270 Huron street, and his son Clarence W., a clerk for the C.P.R., living in 23 Bellevue place, Toronto, are the victims. They claimed a portion of the estate of the late Col. Jacob Baker, who died over 100 years ago. Three daughters located in Ontario, and the Heises are descendants of one of these.

The Department of Internal Affairs informed young Heise and his lawyer that very many had come to Harryburg on a similar quest, and the hint was dropped that he would be money in pocket should he decide to return to his desk and dismiss all thoughts of profiting by the demise of the late colonel.

At the City Hall, Heise and his lawyer were told that the Baker estate is non-existent. They were informed that about 1,500 letters covering the years that have intervened between 1876 and this time, requesting information as to the estate, are on file or heaped in a box. Some are said to be from other Ontario parties.

The trail of blighted hopes may be traced by means of the letters, many of them yellowed with age, from the rockbound coast of New England to the great lakes, to the Gulf and clear out to the Pacific slope, where it is summer all the year round.

## Alderman Threatened.

Toronto, Feb. 14.—A woman answering to the name of Appeline Belland appeared in the police court yesterday on a normal charge of vagrancy. She is being held, however, pending a medical examination as to her sanity, for she is thought to have sent the following threatening letter to Ald. N. Heyd:

"Turn, you blood-sucker, you have murdered all my flesh and blood. Remember, brute, you shall not get out of my hands. You cannot do anything for me after your cutting the flesh of my bones; you have no heart anyhow. So come to a point of business with me. But I shall do my duty, and get a brute like you out of sight. Any time will suit me. I am your 'Murderer.'"

(Signed) "Miss Appeline Belland." Ald. Heyd received but one letter, and this he turned over to the police. Miss Belland was arrested Saturday. She is thought to be mentally deranged.

## Manitoba to Debate Tariff.

Winnipeg, Feb. 14.—The Manitoba Legislature will pronounce this week on the question of reciprocity. At the session last night T. C. Norris, leader of the Opposition, gave notice of a resolution which he will move on Thursday, approving of the reciprocity agreement, and asking the Dominion Government to give its immediate sanction. He also suggests that the Dominion Government give further consideration to the question of lower duties on agricultural implements. It is understood that the Government is likely to introduce an amendment regretting the tendency to break away from Imperial ties, and suggesting that at the next Imperial Conference preferential tariff be taken up, and also the question of free trade within the Empire.

## Milkman Dies on Roads.

Barrie, Feb. 14.—R. Reynolds, a man 67 years of age, died on the seat of his milk sleigh while on his rounds, just before noon yesterday. His nephew, who was with him, had left him only about five minutes previous to his death, to deliver milk about a block away. On returning he met the horse traveling the street at its leisure with the occupant dead on the seat of the rig.

The body was hurried to the office of Dr. Arnall, but nothing could be done, as he had become extinct. Corporal Wells was called in, and announced death as being due to heart failure. Deceased was a leading member of the local corps of the Salvation Army. A widow and five children survive.

## Challenged Him to Duel.

Atlantic City, N.J., Feb. 14.—When J. W. Arnold, eldest brother of missing Dorothy Arnold, visited Geo. S. Griscom, Jr., in Florence, Italy, he challenged the lawyer's son to a duel, according to reports here to-day. When Griscom refused to accept the challenge, young Arnold used his fists on Griscom. It was also stated that the fight was based on visit made by the missing girl to Griscom several summers ago, while the latter was in Boston, and when Miss Arnold was staying with a young married girl friend there.

## Cargo of Opium Destroyed.

San Francisco, Cal., Feb. 14.—Details of a fire which destroyed the British steamer Kumsang, of the India-China line, and a cargo of \$50,000 worth of opium, which smugglers expected to sneak in here, were brought by passengers on the steamers. The fire, they say, broke out in the opium chests in the forward hold of the steamer three days out from Singapore. All efforts to stop it were ineffective and the officers sealed up the hold and ran for the coast.

## Engineer Badly Hurt.

Montreal, Feb. 14.—Matthew James, an engineer, was badly injured in a collision near Sutton, Que., between two Canadian Pacific Railway freight trains early yesterday morning. The drivers averted a serious disaster by applying the brakes as the trains approached each other.

## Arrests in London.

London, Ont., Feb. 14.—Walter Richards, a young grocer, and Wm. Dennett are under arrest, and the police are looking for a third man in connection with an important robbery from Grand Trunk freight cars.
